## ABOUT

Aspiring IT professional with a strong core foundation in Java and front-end technologies. Eager to apply my current skills and fully prepared to adapt to new technology stacks to drive organizational success and professional growth.

## TECHNICAL SKILLS

- Programming Languages: Java, JavaScript
- HTML, CSS, JavaScript, Tailwind CSS, SCSS
- Tools & Platforms: IntelliJ IDEA, VS Code
- Object-Oriented Programming (OOP)

## EDUCATION

<b>Bachelor of Technology in Computer Science and Engineering</b>	2022 - 2026
Jai Narain College of Technology (JNCT), LNCT Group, Bhopal	CGPA: 8.03
<b>Higher Secondary (12th)</b>	Percentage: 89%
<b>High School (10th)</b>	Percentage: 84%

## PROJECTS

### SkillSphere | React, Tailwind CSS, Node.js, Express.js, MongoDB

- Built a full-stack technical assessment platform with randomized questions, timed assessments and JWT-based authentication.
- Added answer validation with explanations to improve learning.
- Implemented window/tab switch detection to prevent cheating via auto-submission.
- Developed a user profile dashboard with assessment history, performance tracking, and personal notes.

### SpendWise – Personal Finance Management System | MERN Stack

- Developed a web application to help students and early professionals record and manage income and expenses.
- Implemented features for adding, editing, and categorizing transactions with data visualization for spending patterns.
- Built RESTful APIs and a responsive interface using hooks and state management for smooth user interaction.

## CERTIFICATIONS & ACHIEVEMENTS

- Winner – Java Code Marathon
- Certified in Java Programming
